## WORK EXPERIENCE

### Frontend Developer Omnicom Media Group Nepal

04/2025 - Present

Achievements/Tasks

- Optimized website performance and SEO using Astro framework, improving page load speeds and search engine rankings.
- Developed and integrated headless CMS solutions, streamlining content management workflows and reducing deployment complexity.
- Integrating CRO tools and tracking mechanisms into existing projects, enabling data-driven improvements.

### React Native Developer Intosoft

04/2024 - Present

kathmandu, Nepal

Achievements/Tasks

- Managing the project and communicating effectively with clients and backend developers while being engaged in development.
- Engaged in refactoring existing projects built with React.js, focusing on code optimization and improvements.
- Contributing to team by participating in daily planning, providing debugging support.
- Developing and maintaining IOS/Android applications using ReactNative expo managed workflow.

### Software Engineer Madpaws

03/2022 - 02/2024

Sydney, Australia (Remote)

Achievements/Tasks

- Collaborated closely with UX/UI designers and backend developers to implement new features and optimize existing functionalities.
- Translated mockups and wireframes into interactive and pixel-perfect user interfaces, following the best practices.
- Actively participated in Agile development processes, including sprint planning, daily stand-ups, and sprint retrospectives.

### Front End Developer Sysqube Innovations

09/2021 - 03/2022

kathmandu, Nepal

Achievements/Tasks

- Actively participated in team meetings and code reviews, seeking feedback and incorporating suggestions to improve coding practices.
- Developed and maintained frontend solutions for a diverse range of projects, including government initiatives and private sector ventures.
- Implemented custom features and functionalities tailored to the specific needs of each project, utilizing a combination of JavaScript, HTML, CSS, and ReactJS.

## PERSONAL ACHIEVEMENTS

### Learning and Application

Proactively learned new technologies and frameworks, such as [Splitio, GraphQL and cypress], and successfully implemented them in ongoing projects to meet business needs.

### Hackathon Initiative Delivery

Participated in a company hackathon, where we planned, designed, and delivered an innovative solution that addressed a key business challenge, receiving recognition for its potential impact.

### Cross-Functional Collaboration

Facilitated seamless communication between frontend, backend, and design teams, ensuring the delivery of key features aligned with user and business requirements.

### Codebase Modernization

Refactored legacy code to align with modern best practices, reducing technical debt and improving maintainability.
